LE WAGON, LONDON
FULL STACK DEVELOPER / GRADUATED 2021

During this course I built upon existing skills in **HTML, CSS, SASS, Figma, Bootstrap & Flexbox** and have learnt **JavaScript, OOP, Ruby, Ruby on Rails, Postgres & SQL, Github** & deploying to **Heroku.**

PROJECTS

Paw Pals / I pitched this product idea that was aimed dog owners struggling to social their dogs since lockdown. In 2 weeks led a team to build the web application. I also presented the app to a live audience as well as it being streamed on YouTube & Facebook.
